

## Senior High Math Info

Beginning in Sept of 2010 the new Senior High Math curriculum was introduced in Alberta.

2010-2011 school year saw the changes in the **Grade 10** courses

2011-2012 school year saw the changes in the **Grade 11** courses

Sept 1, 2012 the new **Grade 12** math courses (Math 30-1, 30-2 and 30-3) will begin and students will no longer be able to take Pure Math 30 or Applied Math 30.

- The following site offers a brief description of the new courses and links one to the **ALIS** website which will help provide information on Post-Secondary Schooling requirements.
